e-STUDIO305cs

Datasheet

- The e-STUDIO305cs is an impressive multifunction colour system, which covers all the needs of your day-to-day business. Print, scan, copy and fax come as standard functions and make this system a true all-in-one device.
- Its print speed of 30 pages per minute in colour and monochrome ensures a productivity level which matches today's demanding business professionals.
- The remarkable image quality gives your documents an extraordinary look – consistent quality from the first print to the last.
- The large colour LCD display offers users easy access to enhanced features and solutions.
- Energy saving modes and duplex printing are standard features to help you cost save and conserve valuable resources.

The e-STUDIO305cs is an A4 colour system which offers print, scan, copy and fax functionality as standard. It is ideal for small to medium sized businesses and workgroups who need a reliable device and have high quality standards. Outstanding colours and sharp, clear graphics ensure your documents make a lasting impression.

With a speed of up to 30 pages per minute and many intuitive functions this system will boost your efficiency. Challenging last-minute, high-volume print jobs to meet strict deadlines will become a thing of the past.

Businesses can benefit from the feature rich functionality and connectivity to a porfolio of solutions that streamline workflows and reduce costs. The ability to enable mobile printing from smart devices and cloud storage further facilitates flexible working and business efficiency.

Meeting the increasing demand for responsible usage of resources the e-STUDIO305cs also complies with the strictest environmental standards.
