Office Productivity Simplified

Xerox® WorkCentre® 5945i/5955i Multifunction Printer

Xerox gives you the tools and technologies that make it possible to automate common office workflows, and to greatly simplify the ways in which you share business-critical information. For more information, visit www.connectkey.com.

Productivity That Will Impress You

Experience a simplified, and intuitive user interface that can be tailored for your individual business needs. Easily create a workflow that enables you to scan information to your selected destinations, (email, desktop, network folders, cloud repositories) in secure text searchable formats, at the touch of a button. This saves time, and allows more to be done with the information you scan and store.

Embedded apps allow you to easily connect your mobile workers to the device. Xerox® App Gallery allows you to download new apps, such as Print from DropBox™ and Scan to Microsoft® Office 365 directly from the user interface. Xerox® ConnectKey® Technology helps to streamline how your business deals with critical information—in-house or in the cloud.

Apps are available at the Xerox® App Gallery. Visit www.xerox.com/AppGallery.

Simplicity has never been easier.

Xerox® print drivers based on Microsoft® Windows® give you the ability to save different settings per application, minimizing the need to make changes and reducing the risk of potential errors. Xerox® ConnectKey® Technology evolves with your needs by restricting usage and regulating printing. The User Permission control integrates with your internal authentication system, allowing you to prevent pre-determined or non-authenticated users from seeing specific features on the user interface.

Be ready, wherever business takes you.

The WorkCentre 5945i/5955i allows you to control device functions from any workstation. The Remote Control Panel makes it more convenient to train users and for IT staff to remotely view and monitor the user interface.

Xerox® devices built on ConnectKey Technology support a Wi-Fi Direct connection that lets you print from your mobile device without having to connect to a network.

Xerox enables secure and accurate printing and scanning with a continuum of mobile options that fit your environment, with free print and scan apps, such as Xerox® Mobile Link App, plus a robust set of mobile enterprise solutions.

Unrival Security for Total Peace of Mind

ConnectKey Technology provides advanced features and technologies to help ensure your company's confidential information stays secure. Our standard security features include AES 256-bit hard disk encryption, McAfee protection powered by Intel Security, image overwrite, secure print with timed deletion and emailing to external mail servers.

For more information about how Xerox helps make you more secure, visit www.xerox.com/security.

Effortless Maintenance

The Xerox® WorkCentre 5945i/5955i was designed with ease-of-use in mind. Routine maintenance is streamlined by the completely accessible paper path. No need to call technical support.

All printers have components that eventually wear out. Simple slide-in, slide-out replacement keeps you up and running. And as a result of advanced technology, there are fewer consumables in the end.

- **Less user intervention.** More uptime. Longer lasting toner delivers greater efficiency and superior image quality and can be replaced by any user. A great way to cut down on unnecessary service calls and job interruptions.
- **Quick and easy, step-by-step assistance.** Our help desk is always at your fingertips with help videos that you can access right on the user interface.

Xerox® Easy Translator Service.

This optional service allows customers to scan a document and receive a translated print and/or email notification. Users can also send an image from an iOS or Android device, or a PC, that is forwarded for translation. For more information, visit <https://xeroxtranslates.com>
